

# THE COUNTRY PEOPLE

Meet ten individuals and learn about how their lives were impacted by agriculture. From Elevation, the most famous bull in history, to Silvey Mason, a midwife who collected herbs to treat her fellow slaves. Learn how far agricultural sciences have come and where they are headed.

Through photos, equipment, maps, and diaries, your students will learn about three hundred years of farming in Loudoun County, and make predictions about the future of agriculture.

This exhibit addresses the following History and Social Studies SOLs: 1.1, 1.7, 1.9, 2.2, 2.6, 2.7, 3.3, 3.7, 3.8, 3.10, 4.1, 4.2, 4.5, 4.7  
Science: 1.8, 3.10
